## The Boise Reunion, a personal account

By Linda (Flores) Dennard '65

Just to let you know, my husband Jerry '63 and I attended the recent reunion in Boise. We had a real nice time seeing everybody and catching up on happenings in everyone's families. Attendance from the class of '65 was a little sparse though, Barbara Hervey '65, Bob Sellers '65, and me. But, all in all, we had a good time. Jerry talked a lot with Darlene (Flecker) Ehinger '77 (Buddy's sister) and Carol (Sexton) Paulk '64. Carol's brother, Jeff, was

Jerry's roommate in the dorm.

From the very beginning, I knew this was going to be a good reunion. We saw Dave Worland '62 at the Boise airport looking for his golf clubs. In fact, he was the only one there. Jerry introduced himself and of course I chimed in. Then he told us his luggage had come in but not his clubs. He looked really distressed. I looked around and spotted a large blue bag in the corner (not on the carousel) and pointed it out. He let out a hoopla and gave me a kiss

on the cheek! He was so happy. Of course, I was too.

I attended the luncheon that Rita (McKenzie) Jannusch '63 and Gaye (McCoy) Richards '63 always host at the reunions. It was a lot of fun. Jim Farrell's wife Marge knitted/crocheted sets of potholders that she presented to each person there (18-20). She said she started knitting them about a year ago. At the luncheon, I got to spend a lot of time talking with Kay (Reberry) Smith

## Association elects new officers

By Pat Gibson

Last spring, Dave Ogé, his wife Debbie, and Charlotte Forman all announced that they were not seeking re-election to their respective offices. Word went out to the membership that the offices of President, Vice-president for Advertising, and Secretary/Treasurer were open for nominations. After several weeks of e-mails, one candidate was found for each office. Shelley (Flippen) Conroy '73 agreed to run for president, Reni (Peek) Michael '79 for VP of Advertising, and Diana (Bock) DuPree '75 for Secretary/Treasurer.

At the Boise business meeting, our legal counsel Doug Veith '67 pointed out that the by-laws of the association did

not combine the offices of secretary and treasurer. VP of Operations Terry Jorgensen recalled that they were combined when the association faced a shortage of volunteers. Bob Hervey '64, newly appointed era rep for the 1960s, nominated Don Hutchins '67 to serve as Secretary. Don accepted the nomination and all new officers were elected by acclamation.

Because two of the new officers had served as era representatives, new era reps were appointed to fill those positions. Tom Kappelman '77 again takes up the post of era rep for the 1970s to replace Reni (Peek) Michael '79 and Bob Hervey '64 volunteered to replace the ailing Doug Hatt '68.

# Jorgensen's Jargon

By  
**T.D. JORGENSEN**  
*Founder*

It's a wonderful thing... experiencing another Nürnberg H.S. Reunion! **Boise** was truly one of the better Gatherings of Eagles in our 25-year history. Permit me to count the ways . . .

**Superb weather** (*72-76 degrees all week long, with low humidity, gentle breezes, and sunny skies*).

**Excellent 4-Star hotel property** (*The Grove Hotel*), staffed by one of the better, friendlier, and professional management teams anywhere we've stayed in our recent 25-year history.

**Abundantly-stocked Hospitality Suites** (*thanks to three of our big-cash-donors like Class of '62 Pete Turner... Don Lucas '59 ... and retired US Army LTC Roger Upton '56*).

**A Gourmet German Dinner** under the supervision of *Chef Christopher Hain* provided a wonderful Wiener Schnitzel dinner with all the German cuisine side dishes and Schwartzwald Kucken for dessert, and pleased all in attendance.

**Engaging, wonderful activities** were found at every turn for our attendees, including Zip-Lining ... The Starlight Outdoor Dinner Theater's production of *'The Wizard of Oz,'* ... Charter bus tours of Boise and surroundings ... The Greenbelt along the river that meanders throughout Boise on both sides of the riverbanks for 17-miles ... and plenty of downtown bars, nightclubs, sports bars, microbreweries, restaurants, and museums, etc. It was a beautiful week for many, and a most hospitable weekend for most. Hope everyone enjoyed themselves, got home safely, and are ready for the 2014 East Coast Gathering of Eagles?

We don't know where we are going yet (*City-wise/Hotel Property-wise*), but it's surely to be a beautiful, spacious hotel property, offering our attendees a fair and competitive room rate/price, with discount airlines in-and-out of the city of our choosing, and with plenty of facilities, venues, and attractions to visit close by our hotel or within MetroRail-connection, while we celebrate our reunion.

By now you've heard, read about, or were in Boise to witness the changing of the guard on our elected Board of Directors. We now have 4-new elected Officers, and 2-new non-Officer Board of Directors' members who will serve a 3-year volunteer term of office for the Nürnberg Alumni Association, Inc. They are: Dr. **Shelley** (*Flippen '73*) **Conroy** – *President*, **Reni** (*Peek '79*) **Michael** – *VP-Advertising*, **Don Hutchins** '67 – *Secretary*, and **Diana** (*Bock '75*) **DuPree** – *Treasurer*. The newly-elected Non-Officer Board Members include **Bob Hervey** '64 – *Era Rep 1960's*, and **Tom Kappelmann** '77 – *Era Rep 1970's*. Yours truly is returning as *V.P.-Operations* for one final 3-year term of service.

Again . . . Our eternal and heartfelt-**THANKS** to **all** of our Nürnberg Alumni donors, large **AND** small, who contributed to the many and various Boise Reunion Activities in which we all engaged with one another during our weekend there.

Finally . . . I continue to be saddened that some of our favorite Eagles, who have attended nearly every single reunion since 1987, had personal challenges that came up during the final days leading up to the Boise Reunion, and were forced to cancel their plans to come. We hope the photo images in this **Trichter** edition, and those found either online (*Internet*), or on our website, will help them feel as if they were with us, *in-Spirit*. They were **truly missed**, and we look forward to our next Gathering of Eagles Reunion together in 2014 on the East Coast.

# From the President...

**Shelley (Flippen) Conroy '73**

As I begin my term as your NAA president, it is only fitting that I begin by thanking Dave Ogé for his past decade of service to our alumni association. His love for our alma mater was evident to all, and he did his best to ensure we all had opportunities to reconnect, reminisce and enjoy our friendships. Additionally, Dave stepped up and provided continuous, ongoing leadership to ensure the smooth operation of the association over a sustained period of time.

My husband and I spent time with Dave and Debbie Ogé (who also finishes her term of service as VP for Advertising), along with TD Jorgensen (our enthusiastic VP for Operations) on the site visit to explore Boise as a reunion venue. I think our most memorable time spent together was on the whitewater-rafting trip at the conclusion of our visit. I hope those of you who attended the reunion were also able to enjoy the many activities to be found right outside the door of our beautiful hotel. I do believe the hospitality suites were a very popular center of activity as a place to meet and spend time with classmates and faculty almost around the clock. I extend my thank you to those who gave of their time and money to ensure that those suites were well stocked for our enjoyment. Lastly, I have to mention how much fun we all had at the 70s disco-themed reunion banquet dinner-dance. Tom Kappelman's entrance with his disco entourage certainly was one of the highlights of the evening! (Although, it would be hard to match Colleen Campbell's lederhosen costume that she wears to every reunion.)

For those of you who don't know me, allow me to share a brief introduction. I attended NHS from 1970-1973, graduating in the class of 73. I lived first in Pastorious, and later in Ansbach. I returned home to Virginia to go to college.

Currently, I live in Savannah, GA, where I work as a dean at Armstrong Atlantic State University. I am also the proud grandmother of two little boys. I attended my first NHS reunion in Breckenridge in 1999, and knew I would never miss another one! Twenty-six years was too long of a time to have to wait to reconnect with my dear high school friends and faculty.

It is truly an honor to have been elected to serve my fellow Eagles as your new president. Three other new officers join me on the Executive Committee, along with our ever-faithful Vice-President of Operations, TD Jorgensen. Additionally, we have a faithful membership of 7 additional directors on the board. Their dedication, energy and love for our alma mater are evident in our developing synergy. We look forward to ensuring a successful tenure, and the continued success of our association. The work of planning our next reunion is already underway!

Please feel free to drop me a note any time at [president@numbergeagles.org](mailto:president@numbergeagles.org).

## Joan Kay on the radio!

By Joan Kay (McCarter) Adrian '49

Thanks to Jeri (Polanski) Glass (Berlin '72), I was invited to be a guest speaker on bratcon.com radio (brat connection). I was booked for Thursday, 24 Feb. It was an hour of memories for me and several callers were so complimentary, I wasn't sure if I could fit my head out the door!

Jeri Glass and Joan Adrian

Dennis Campbell is the host and originator of the program. I hope I covered the early years ('46-'50) of the Nürnberg American High School. There was not enough time to tell all, but I told a few interesting facts that were very much in contrast with the later years. I also was able to talk about the Nürnberg War Crimes Trials, that started in summer 1945 and were over in May 1949. So many people think the trials were over at the end of the Nazi hierarchy (ending in late summer of 1946) but there were other trials that followed, the medical doctors that performed the terrible experiments on the prisoners of the concentration camps, the companies that used slave labor from the camps, the banks that

turned over all monies, valuables from the prisoners to the Nazi Party, and finally the judicial system that enforced the Nürnberg Laws against the Jews, which took away all of their rights.

I am happy with the radio show and probably could have done several, but so many others from other schools have interesting stories as well. Not a school system in the world has as much history going for them as the DODEA school system.

My "hostess with the mostess", Jeri Glass, showed me wonderful scenery out in the Sedona area with the brilliant red/orange rock formations and a charming old copper mining town, Jerome. Many of the original buildings in Jerome are hanging over a cliff with sturdy supports keeping them from falling to the rock below. However, sometimes a building goes over any way, such as their jail house a few years ago, which is still at the bottom among the rocks. Asking them "if their business is still hanging in there" you are liable to be given the answer, "it was the last time I went in the storage room out back". Now an art/craft community, fun to browse in an unusual hotel up on top overlooking the town and the entire valley.

My last day, Jeri and I went to visit our dear friends the President Emeritus of AOSHS, Tom Drysdale and his wonderful wife, Norma, in

Joan Adrian with Norma and Tom Drysdale

Goodyear, AZ. Norma is frail and tires easily but still has that warm, cozy sense of humor. Tom is still very enthused about the AOSHS archive in Wichita and keeps in touch via e-mail. We owe the saving of our individual school's histories to him as our founder.

In only 3 days in the city and 2 days of travel, I had a wonderful time and although I have known Jeri for several years thru Overseas Brats Assn., this was my first chance for one on one conversation and a stay in her lovely adobe home just outside of Phoenix. What a remarkable woman she is and she should write a book about all the experiences she has had around the world. She's a great listener, too.

For those that would like to hear the program, you can go on the following web site and listen to it on your computer:

### Old Friends Reunited at the Reunion!

Four gals who were cheerleaders together at Nürnberg were reunited after more than 50 years. Sharron (Light) Biggi '55, Connie (Porter) Johnston '53, Betty Thomas '54 and Doris (Shawver) Bowers '53 had a great time catching up on family and friends while in Boise. Betty, Sharron, and Connie have been to several reunions but this was Doris' first. The three women had not seen Doris since 1953!

### Eloped? Are you kidding me?

Andy Havner '75 caught my attention during the pre-dinner excitement and said he had a story for me. Well, he sure did! Andy and his wife of 36 years, Sherry (Branch) Havner '77 eloped from Nürnberg. The couple lived in the same building and when Andy graduated and Sherry's dad was going to be transferred, separation was just not an option. With the blessing of at least one set of parents (your editor never figured out which set), the couple took off for New York with \$189 in cash and lots of love. They seemed to have a vehicle they acquired somewhere and made it as far as Virginia before they decided to see someone official and tie the knot. It has been a rough ride at times with separations when Andy was in the military but they are happily married with children (but I didn't hear how many). Bet no one else has a story like that to tell!

**Doris '53 and her husband Curt Bowers led off the dancing in recognition of their 53th Wedding Anniversary. Congratulations!**

**Left: Audrey '55 and Woody Gamble '54 are another long married couple who are regulars at the Reunions.**

Lots of room to sit, sip, and chat.

Thanks to Gordon Stubbs'67 for these great pictures of gathering outside the Hospitality Suite on the Terrace.

## The Boise Reunion

*(Continued from page 1)*

'62 and Darlene (Flecker) Ehinger '63. We told Darlene to tell Buddy, her brother, that next time he just has to attend a reunion. Jerry and I also talked a lot with Dave Reberry '63. You know, some people have a special gene that allows them to look like they did in high school. Well, Dave Reberry, Gaye Richards, Dave Worland, and Carol Sexton, among others, all have that special gene. Also, I ran into my 8th grade, science teacher, Mr. George Estes. Oh, my goodness, he and his wife were a hoot to talk to. They're from a little town in Oregon and drove to Boise. He asked about Becky Frisbie. He was carrying a picture of himself dancing a hoe down with Becky at one of the Sadie Hawkins dances and he was hoping to see her. He and his wife were a delight to talk to.

Also ran into Mr. Cletus Campbell. Coach looks absolutely the same, a little arthritis and white haired (like me), but his face is just the same. Jerry told him that the only thing he remembered about NHS football was getting run over by Gil Frisbie one afternoon at football practice. Tried to tackle the big guy head on....bad idea....left shoulder separation. Now thanks to Frisbie and "Arthur (itis)" Jerry can always tell me when it is going to rain, which isn't very often here in Texas! Coach remembered Jerry (after 48 years)! Then he asked about Gil Frisbie. Jerry told him that Gil is a professor at Indiana University. Another teacher we ran into, Mr. McQuitty, who looked like his Nürnberg days were just yesterday. Does anybody remember "the word a day, the McQuitty way"? Jerry has remembered that all his life. One of the

highlights of the reunion for me was running into Micki Korp '62. I remember her attending catechism classes at Fr. Ford's apartment. It was real good talking to her. She has the most beautiful eyes.

Another highlight for me was seeing Bob Sellers '65 again. As pictures were being taken at the big dinner-dance on Saturday night, a lady (his wife, Marsha) real excitedly came up to talk to me and asked me if I remembered a friend of mine named "Bob Sellers". I told her the name sure sounded familiar, then she produced a picture. It was of Bob and me at our 8th grade graduation at the Kalb Club. Then I remembered! If I am still remembering correctly, I think the Sellers' family lived in the apartment below us on Gerhard Hauptmann Strasse. However, I do have to add that Bob continued growing after high school while I have stayed the same since 8th grade. Thanks, Bob and Marsha for the picture.

Another person we ran into was Les Smith '66. He told us that it was fun running around with Chris (Schleibaum) Carr '65 after she graduated and he was a senior. Chris was working at the Palace of Justice and sometimes after work they would go out to the gasthauses. He explained that it wasn't like they were boyfriend and girlfriend or anything like that, just good friends. I understood perfectly. That's what we were; all of us, good friends.

Also, a special thank you to Terry

**Coach Cletus Campbell and Mr. Worth Gurley, Faculty (Photo by G. Stubbs)**

Jorgensen for all the hard work in putting together this reunion. One of these days, I hope to see his sister Linda who was my good friend for the longest time. She was one of the first friends I made after we arrived in Nürnberg during the summer of '60. Linda graduated from Munich High School and she attends their reunions.

As a side note: there was a girl from the class of '90 who got the recognition for having traveled the farthest. She came all the way from Australia! I kept thinking...where have I seen her before? Then I remembered. She was the girl with long brown hair that danced up a storm at the San Antonio reunion. Terry asked her to say a couple of words; she did and then sat down and cried. Attending these reunions can be bittersweet. I can vouch for that, but all in all we had a good time and we were happy to see everyone.

## Gone but not forgotten

**Truman Dunahoo, Faculty** died April 23, 2011 in Round Rock, Texas. He taught drama at Nürnberg and was much loved by his students. Palmer Miller '73 created the tribute to him seen at right.

**Larry R. Reynolds '60** died May 27, 2011 in Avon, Indiana.

**Peter Vaughn '66** died May 23, 2011, in Monterey, California. He was a Vietnam veteran and according to his family "never met a stranger".
