ARCHIVIST'S NOTES

This electronic file of the 1955-56 NHS yearbook is reproduced from *Erinnerungen*, published by the seniors of 1956 in the American Dependents Schools in Germany and France. This was the eighth year the yearbooks from all the high schools were combined into one volume.

Those people desiring a complete electronic file of the 1956 *Erinnerungen* may contact NAA founder T. D. Jorgensen through the Association website.

Because almost all text in this file has been reproduced through Optical Character Recognition, the viewer may search the document using the "Find" function of the PDF. Click on the binoculars icon.

Comments, corrections, and further contributions to the Nürnberg Alumni Association Archives should be sent to

ERINNERUNGEN

PUBLISHED BY THE CLASS OF 1956
AMERICAN HIGH SCHOOLS OF GERMANY AND FRANCE

DEDICATION

With respect and admiration we dedicate our yearbook to
our hosts, the people of Europe, who are striving together
with us to strengthen our world against fear, destruction,
and prejudice.

**To you who have just turned the first page of
ERINNERUNGEN:**

We, the fourteen staffs of the 1956 *Erinnerungen*, have put into one annual the story of this year at American high schools in France and Germany. It is our hope that you will find it both interesting and informative, and that it will bring back many pleasant memories of this year in USAREUR.

The *Erinnerungen* began in 1949 when seven schools in Germany combined their annuals. Since then it has grown until it reached the present size for this, the eighth edition which, like the first, still bears the original title — the German word for memories.

Although the fourteen schools represented here are spread all over Germany and France, the common experience of going to class in a foreign country has bound them together, enabling them to present their different stories in the same book. Each staff uses its section to emphasize its own situation and background through the theme, pictures, and art work. These different sections are then tied together to make a composite, an attempt to give the reader an idea of what life is like in *all* the schools of USAREUR.

Life in Europe in 1956 gave to us who were a part of it so much to remember that no book can contain it all. But within the pages of *Erinnerungen* we have combined the highlights of our lives and our memories.

In this yearbook are the following schools:

Augsburg	Munich
Baumholder	Nürnberg
Berlin	Orleans
Bremerhaven	Paris
Frankfurt	Rochefort
Heidelberg	Stuttgart
Kaiserslautern	Würzburg

Members of the Graduating Class:

Yours is a special honor, you are graduating from an American school in Europe. You have had the privilege of being regarded as a representative young person from the United States; and foreign opinion of American youth has been partly based on observation of your behavior. When you return home you will be less conspicuous; but you will find yourself representing there the school generation of those who have come up through an American public school system in another nation.

Your experience in Europe should have contributed materially to your education. Your education is the total of what you learn, and your ability to understand and profit from it. It is to be hoped that you have learned here, among other things, to appreciate the importance of understanding people despite language differences. The will to understand is half the battle, good will the other half. Language is merely an aid, though an important one.

Your curriculum has been planned with a view to enabling you to pick up the step at home with a minimum of inconvenience. Perhaps you can not only "pick it up" but quicken it. You will have something to take back with you from a relatively small American community overseas to some comparable unit of the great friendly community of Americans at home. I am sure you will not only take it back but try to transmit it.

James B. Conant
American Ambassador

To the 1956 High School Graduates:

Your graduation from the High Schools of the US Army, Europe, marks a very real step in your development as young men and women, and in your maturity and acceptance of the responsibility of adult citizenship.

Your education, though typically American, has been unique. Many of you have attended school in various parts of the United States and have learned to know and understand the problems of different sections of our own country. Here in Europe you have had the privilege of traveling in different countries, learning European history and tradition first hand, and living among people who speak a language different from our own.

You have had another unusual advantage in living in the military community. Of all the citizens of our nation, none accept their responsibilities more fully than those whose lives are dedicated to the defense of our country. You have lived constantly in an environment of devotion to duty and of service to our nation. These unusual circumstances, added to your American-type education with its emphasis on the ideals of liberty and freedom, have prepared you to assume your full share in the weighty responsibilities facing our country in its role of world leadership.

Congratulations on your graduation and best wishes for success.

Sincerely,

A handwritten signature in dark ink, reading "A. C. McAuliffe". The signature is written in a cursive, flowing style. It is positioned above the printed name and title of the signatory.

A. C. McAULIFFE

1955-56 Index of School Personnel

Classifications are indicated by *sr* for senior, *jr* for junior, *soph* for sophomore, *fr* for freshman. A question mark after a name indicates unknown grade level. Subjects taught by teachers are in italics. Transfers in [*tr in*] and out [*tr out*] are marked where known. Some people in this index are not associated with a class but are named as members of a club or activity. Some of these people may be junior high students. Because of the many variant and garbled spellings in this yearbook, accuracy is doubtful. -- Archivist.

COLONEL
THEODORE R. KIMPTON
Nürnberg Sub-Area Commander

The Nürnberg American Dependent School started in 1946 at the University of Erlangen. In 1947 the school moved to Furth into a former commerce school for girls. This building soon became over-crowded and construction started on our present building which was completed in 1951.

The school itself is a modern plant comprising a dormitory, work shops, gymnasium, cafeteria, and new small auditorium. During the year more sections have been added to the cafeteria, the dormitory, and the High School to make room for new students and new activities.

In addition to engaging in the regular high school academics, the student body goes on many tours sponsored by the Student Council. We have visited many of the historic sites in Nürnberg and Franconian Switzerland as well as Bamberg, Erlangen, Bayreuth, and Rothenberg. The school is surrounded by American installations such as dependent housing, theaters, and Post Exchange. The students in this way are reminded of the American way of living.

Hi! Ho! Hi! Ho! Into the Dorm, excuse me, "Residence Hall" we go. But, Watch Out! It's easy to get lost. Nürnberg had around ninety students in the Residence Hall this year and to avoid overcrowding, a new wing holding sixteen of them was finished in December, thus ending the tight squeeze which had existed before. New lounges were added too, so that our Residence Hall is really a very homey place and most inhabitants have found that they really like it there.

Of the four Dormitory Supervisors from last year, only Miss Russel remains, but we are very glad to welcome Mrs. Moss, Mr. Moore, and Mr. Nicolai to NHS's home away from home.

Activities play an important part in the social life of Nürnberg students, therefore an activity period is held during the last forty-five minutes of the school day. In this way the bus students may participate in the school's extra-curricular activities.

The various clubs are designed to promote education and interest in certain fields, as well as to provide an opportunity for mixing with fellow students, who share similar interests.

"Hail to dear old Nürnberg
Great is her name,
Our boys are fighting
To uphold her fame.
They're always true and loyal
See her banners waving
High above the rest.
Our boys will fight,
For Nürnberg is the best."

King football took over the spotlight in the 1955-56 sport year as the Nurnberg Eagles rolled up the greatest gridiron record in school history. A 4-1-1 tally, marred only by a 13-13 tie with Munich and a 16-13 defeat at the hands of Kaiserslautern, earned them second place in the USAREUR 11-man football conference.

On the hardwoods, the Eagles, defending class B champs, found the going a little rougher as they moved up to class A competition. Improvements came with every game, however, and the N.H.S. quintet more than made up for their lack of height and experience as they moved through another successful season.

The '55 Nurnberg nine, following in the footsteps of their 1954 predecessors, were undefeated in the regular season play and brought the Southern Division Championship home to the ole' Alma Mater for the second consecutive year.

In 1955, the Eagles were none the less successful on the cinder path as they took second place in the Southern Regional track meet held at Soldiers Field.
