- VII. Advertisements-We needed your help—thanks for giving it.*

## *Introduction*

Yes, what *is* it all about? I can tell you in one word — you! You're what it's all about! I know it's hard to understand why you, all of a sudden, have become so important, but stop for a second, and think—what could be more important than a human being, a living individual? You live, breathe, eat, sleep, and think, just like countless other people like yourself. Our society, our world, revolves around you, simply because *you* are a person.

The name of this year's annual is "Markings." It is taken from Dag Hammarskjöld's book, *Markings*, which was published in 1964. Dag Hammarskjöld was Secretary-General of the United Nations and was so until his tragic death in an air crash in 1961. During his life, he wrote about human beings and the way they feel, and think, and live. Communicating with other people like yourself is important. "Markings" might mean many different things to many different people. It could be looking toward your future or looking at memorable moments of your past. It could mean growing up and experiencing all those little things that make everyday life so important. "Markings" can mean crying when you're sad and laughing when you're happy. It can mean looking, searching, and hopefully finding, Life is important, but even more important are the people that fulfill the many phases of living. There will always be good times and there will always be bad. Experiencing both and learning from each is *real* living.

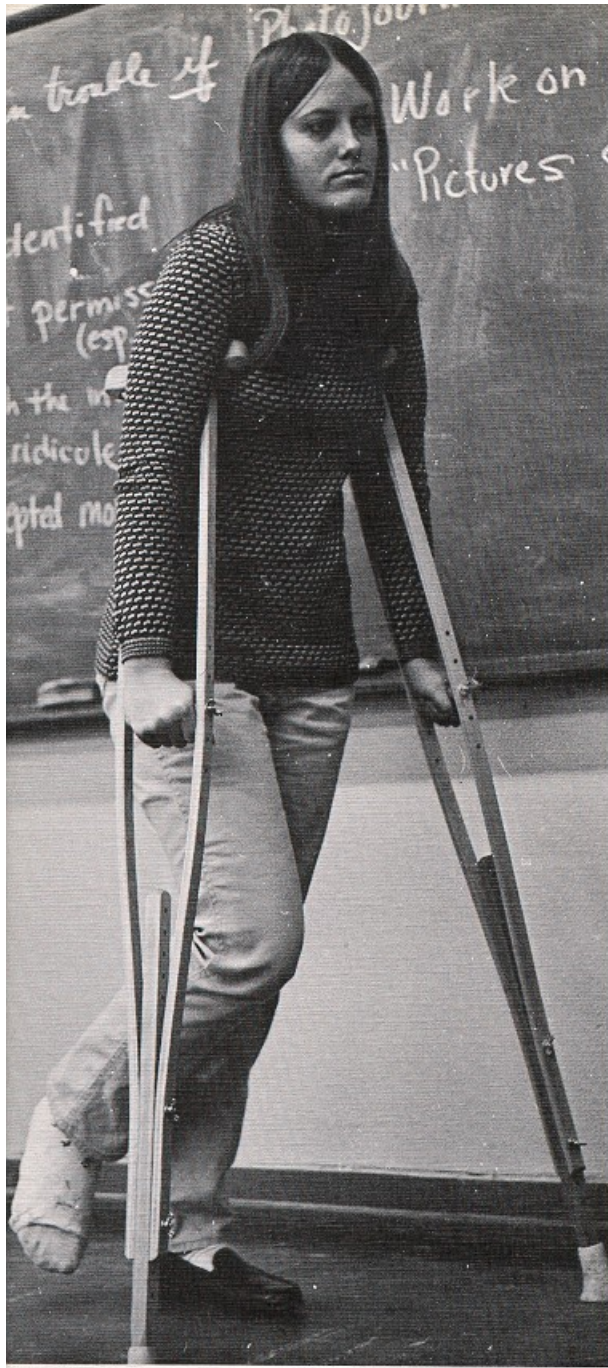

The Chinese ideograph found throughout the book was discovered on early Chinese bronzes as early as 1200 B.C. It is the symbol of humanism and represents man and his relationship to the rest of the world: one man among many.

The following 145 pages will attempt to recapture the many slices of life which were ours during 1971-72 at Nürnberg American High School. As you turn the pages and see the faces, see them as equal to yourself-- not black, not white, not red, not yellow, but human, living individuals --like you, like me.

# People Are Our Job

People—that's why they're here. Changes are always occurring and they must keep abreast of each one.

Mr. Collins has been at N.A.H.S. for two years. His activities range from public relations to curriculum planning. He must make sure the standards meet those required for an American school.

Mr. Fulkerson is new this year. Taking the job of Assistant Principal he has been faced with everything from the absentee list to the new computer attendance cards.

This is Mr. Coffman's fourth year at N.A.H.S. He has played an integral part in the administration of the Junior High as a teaching Assistant Principal. For the last two years, he has also been the athletic co-ordinator for the school.

To run a school is a hard job. It takes co-ordination and teamwork. The administration has worked together with faculty and students to make this possible.

## Tomorrow Is a Brave New World

The Guidance Department is separate from the faculty and the administration, but it tries to complement the work of those two branches of the school. The counselors are interested in anything and everything the students want to talk about: they want to help the students in every way possible, whether it be with family, school, and social problems or information about and planning for college.

According to Dr. Workman, head of the Guidance Department, the counselors are like "lawyers for the students," and they have their "code of ethics, much like the codes of ethics for doctors and psychiatrists." That is, everything discussed between a counselor and a student will be kept secret; the counselor will not discuss his conversation with the student with anyone else.

A section of the Guidance Dept, that has undergone a great change is the Health Education Branch, headed by Mrs. Nikka Dunn. Mrs. Dunn is now the Health Educator of our school, not just a nurse. In her own words, "I'm no longer a band aid pusher." She emphasizes the mental, and physical development and special problems of individual teenagers. The Health Educator is interested in teenagers: she lets them know someone cares and is trying to help them. She is also available as a resource person for the teachers.

The Guidance Department is a vital part of the school, as it tries to meet the needs of each individual student.

Mike Pyles listens attentively while Mike Gomez strums along.

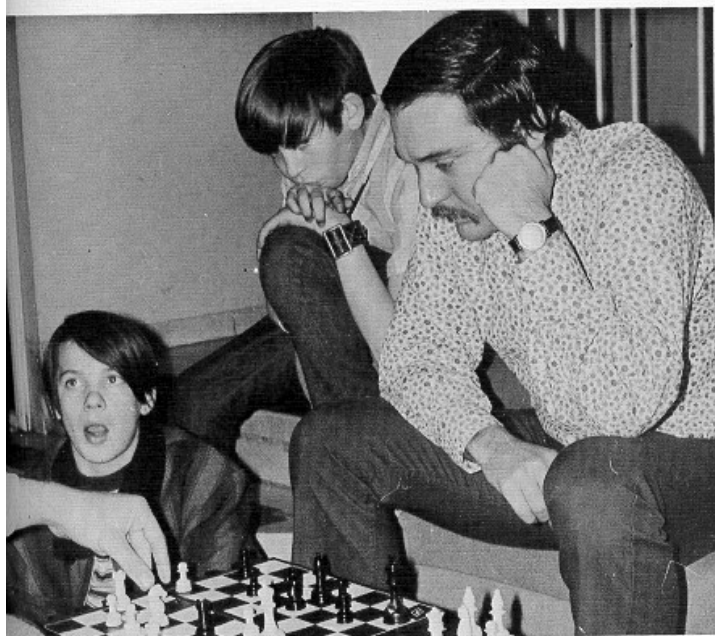

The Student Residence Hall, more commonly known as the Dorm, has approximately 125 people. The Dorm has its own Student Council, and regular activities are scheduled for the entertainment of the students.

Three men and four women make up the counseling staff. Miss Linda Holland is head counselor. They feel that being on an informal basis with the students is an important part of their job.

According to Dr. Workman, head of the Guidance Dept., the English Dept. at NHS "has opened the door" to curriculum changes. Every 9 weeks students change their courses, and, of course, the teachers vary theirs also. This way teachers and students don't have that much of a chance of being constantly bored, says Miss East. The program started at the beginning of the second semester during the school year 70-71. The program with electives of courses of 9 weeks proved to be so successful that it was continued this year. Other than standard courses offered, such as Dramatics, Short Stories, and Basic Comp, teachers have also offered Poetry in Song, Photo Journalism, Radio Production, Elements of Discussion and others.

# History Has A Lot to Offer

The chief aim of the Social Studies Dept. is to impress upon students an understanding of the historical, social, and political implications of a nation and its culture—as they will be the future of the world.

There is so much that history has to offer, it is hard to fit it into 3 or 4 years. During the freshman year, World Regions is taught to inform students of where they live, and how others around them live. World History, taken in the sophomore year, is so broad that only milestones of history can be touched. In the junior year U.S. History (after 1865) and finally Government and Contemporary Problems teaches those leaving high school a little of what they will be facing.

The department has tried to awaken students so that they can leave high school with a spirit alive with an understanding of the world we live in. Tomorrow is up to us and the teachers have tried to guide and give us insight into our duties as adults.

To put into a few words the goals of the Social Studies Dept., Mr. Raab quotes the late Pres. John F. Kennedy—

"Ask not what your country can do for you.

But what you can do for your country."

"No, Azusa and Kookamunga are in California! Ngorongoro is in Africa," comments Mrs. Mathern.

## Students Find Math Fun

In this fast-moving world we are a part of, math plays a big role in our everyday lives. The Math Department at Nürnberg consists of classes ranging from 7th grade math to Analytic Geometry and Trigonometry. This year there is one class of Algebra I made up of 8th graders. Both Geometry and Algebra II are available for the student as a follow-up to Algebra I. Analytic Geometry and Trigonometry is presently the most advanced class offered. This course is aimed primarily at the college bound student. The staff members of the Math Department are working toward offering another advanced class. A possibility is a class in statistics. This year the General Math classes have been dropped. It is a firm belief of some staff members that "better no math than General Math."

*"Of course I believe practice makes perfect!" says Miss Cannon to Michael Roberts.*

Electrolysis. Photosynthesis. NaOH.  $E=MC^2$ . Students who have been a part of Nürnberg's Science Department are familiar with these terms. The department offers a wide variety of courses. Seventh and eighth grade science classes are introductory courses to high school science. During the Freshman year, I.P.S. is offered. This course may be called a "stepping stone" to physics. Biology presents one of the first real tests to science students. One needs to have knowledge, and at the same time be able to apply it. Biology includes everything from protozoa

to the dissection of frogs. Chemistry, a combination of science and math, is offered for the advanced student. It gives a deeper insight into chemical studies. For the student who wishes yet to further his knowledge of science, there is Physics. Making cameras out of tin cans is just one of the projects of Physics class.

"Don't be throwing frogs on the girls!" Mr. Mowery reminds his Biology class.

Spanish, Latin, French, and German are the languages being taught at Nurnberg American High School this year. About 400 students are enrolled in a language course and the program seems to be very effective. Miss Brasher feels that although this seems to be going quite well, cooperation is one of the key factors involved for efficient means of communication.

The Business Dept. — Kathleen Irving, Naomi Melby, and Joan Dingmann— have been busy teaching students how to communicate in the busi-

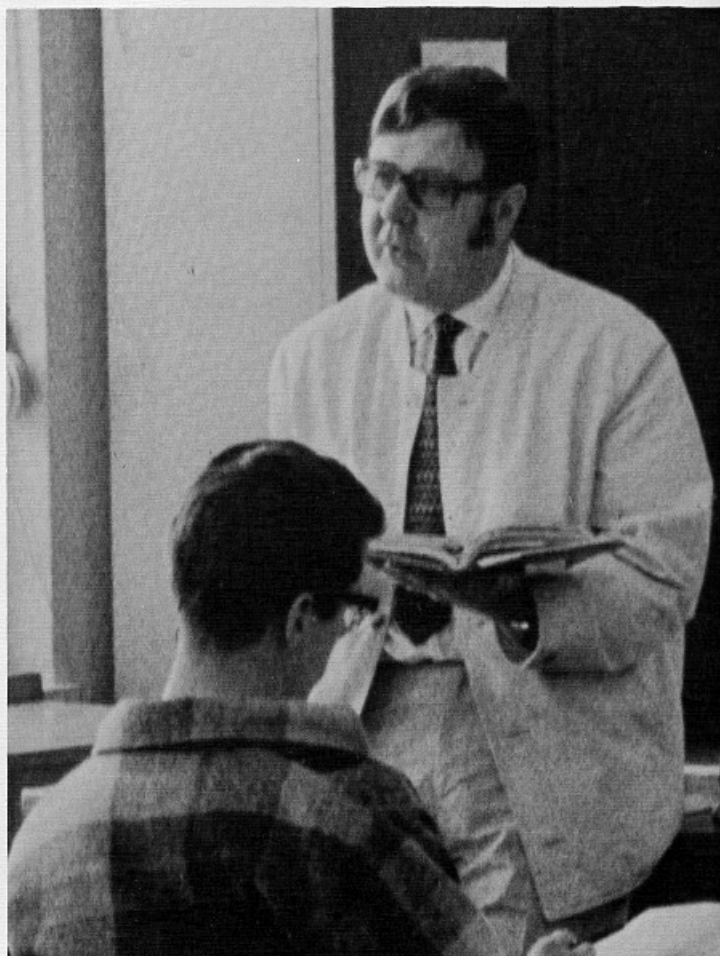

ness world of today. In the advanced courses, such as Office Practice, students work with transcribing machines, duplicators and other office machines.

Practicality is what the Business Dept. is all about. In today's business world these skills are very much in demand, not only for others but also for the

The Work Experience Program began in 1964 and consists of 100 students this year. It is a program that gives interested students an opportunity to come in contact with the outside world. It gives them a chance to explore their interests and maybe find what career they want in later life, according to Mr. Kirsch, Work Experience Co-ordinator.

The Physical Education Department has worked toward physical fitness for the students.

In the winter months outdoor sports are not practical, so the P.E. Dept. took students swimming and bowling. Some other activities during the rest of the year are volleyball, gymnastics, and track and field.

GAA and gymnastics evening classes were held weekly for those who were more interested in sports. GAA competed in organized sports with schools across Germany.

*"Are you sure he has a heart?" questions Denise Bryant, a work experience student.*

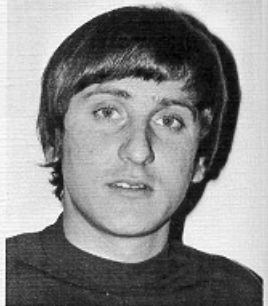

# Industrial Arts Students Launch Rocket Club To Promote Safety

Mr. Larry Burner, Mr. Gary Edsall, and Mr. Don Vande Hei have been the forces behind the Industrial Arts Dept. this year. They have exposed students to different trades and focused their attention on building a foundation for future vocations. With limited resources and a lack of funds they have offered courses from Drafting to Electronics to Auto Shop.

A Rocket Club was initiated to teach students, mainly on the junior high level, how to build rockets and rocket engines. Safety was the club's aim. The advanced levels worked with mass production. They surveyed an area to discover what would sell, researched prices, and mass produced the product. They sold it and the profits went to the department.

## Coed Classes Teach Us To Live Together

Home Environmental Living? Home Economics? The Home Economics Dept. has been moving toward a wider, busier, more informed department. With only two teachers, they have been able to offer courses ranging from Interior Decorating and clothing classes to Adult Living. The department is no longer tied down to the idea that a girl will be a "housewife," but rather a "homemaker."

Emphasis is being put on practical living, putting what you learned to work. Several activities have proven this. From January 11 to 13, "Palmer's Place" was initiated. Two classes prepared, served, and cleaned up lunches that cost 35 cents. This was purely for experience as they made no profits. Also on January 20 a style show was given. The students made and modeled their creations.

## Variety Formed In Fine Arts

Art varies in many different directions, and so the ideas of instructors are varied. Nürnberg's Art Department has no strict rules for the students to abide by. Rather, the student is free to spend time with projects that prove to be worthwhile. In the Junior High section, exploratory Art classes for a 9-week period are offered.

Art I and II are for the high school student. These classes have required projects, but the time that individual students spend with each project may, and very often does, vary. Silk screen, paper mosaic, and pen and ink are part of the students' work. For the student who shows a sign of talent or greater interest in art, there is Advanced Art. The advanced student works on a contract basis, and can pursue his desired field with the instructor available for advice. The Art Department might be summed up by saying, "Using new ideas and old materials is the main job."

# Cafeteria Staff and Supply Serve School

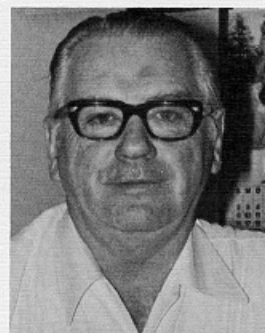

*"This job gets messier by the pound," is Arthur Fiebrig's only comment.*

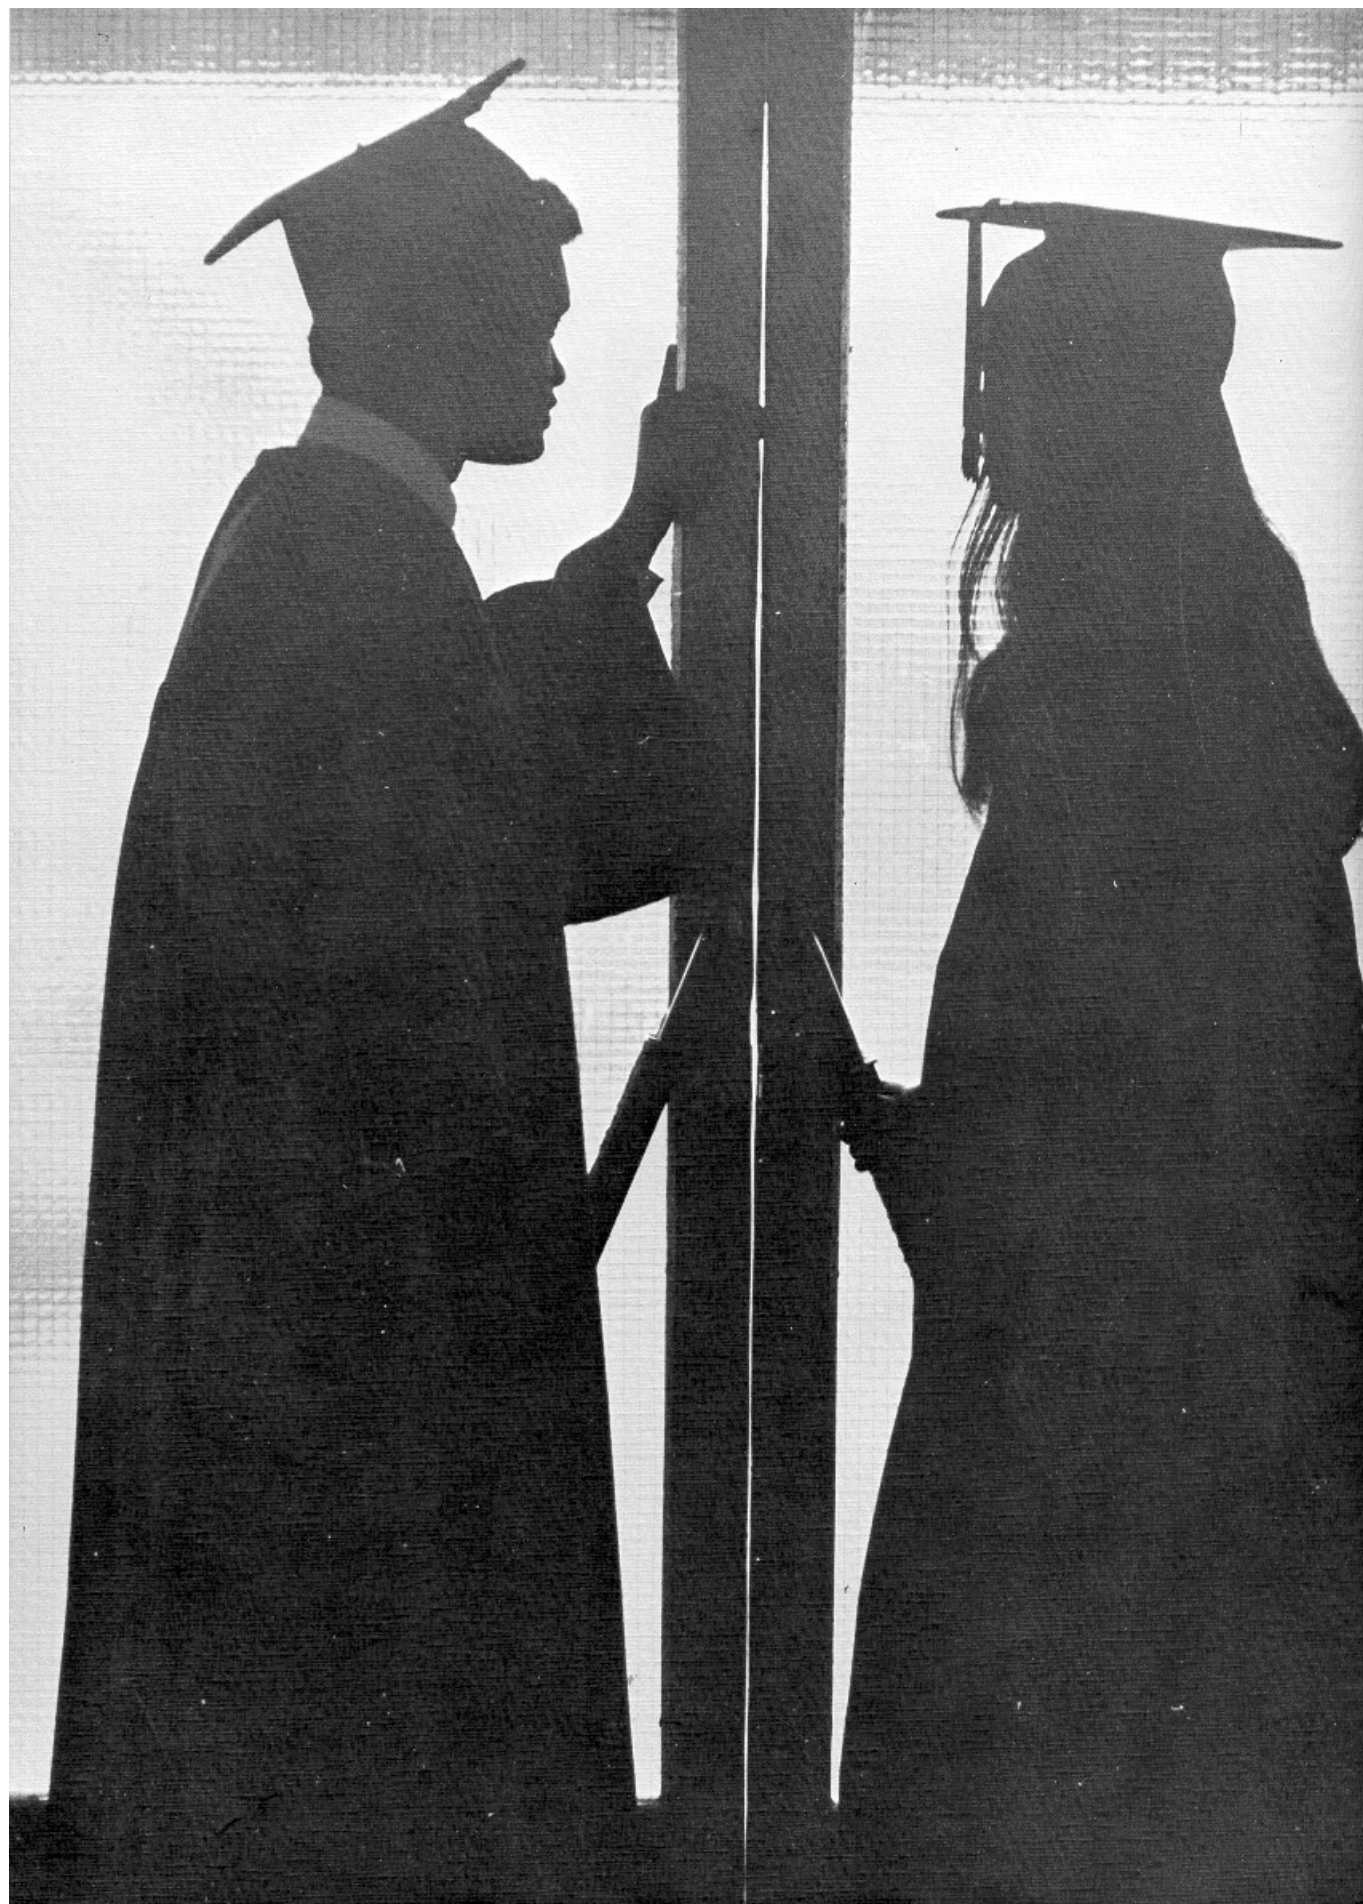

*"These sinks are forever getting clogged!" exclaims Jurgen Thurm.*

Could Nürnberg do without it? Never! The school cafeteria plays a vital part in the student's day. The dorm students eat breakfast, lunch, and dinner here. After all, this is their "home away from home." You can expect to find French toast, schnitzel, or the all-American favorite, hotdogs. The main purpose of the cafeteria is to provide the student with a place to eat a good meal.

The Supply Office role at Nürnberg is manifold. It furnishes textbooks, paper, desks, and on occasions such as Senior Clean-up Day, it lends rakes and brooms. Members of the Supply Office are Mr. E. Paul Bean, chief of supply office; Herr Gerhard Bahr, supervisor; Mrs. Emma Davis and Herr Reiner Gebhard.

# ***ACTIVITIES***

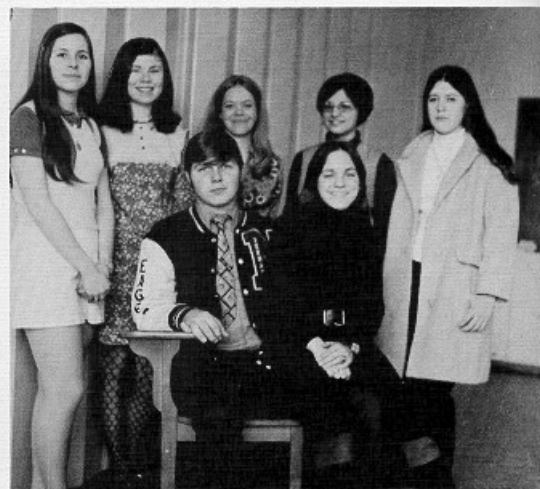

# Students Get Involved With Government

The activities and clubs that you find on the following pages are only a small part of Nurnberg's real activities. We could not even begin to illustrate the unique happenings of each individual; and so, we ask that you bear this in mind as you view a portion of the organized life of the Eagles.

Student Council is a group of students elected by the student body to form a student government. Their main purpose is to bring the ideas of the students together. The officers are elected in the spring preceding their time of office.

Miss Arlene East is the sponsor for the Council this year. This is Miss East's first year as sponsor. The officers and the representatives are: Colleen Campbell, Pres.; Kim Harris, Vice-pres.; Terri Fosmire, Asst. Vice-pres.; Pat Gorrell, Sec.; Ellen Slattery, Treas.

Seated: Ron Burgess, Terri Fosmire. Standing: Kim Harris, Colleen Campbell, Miss Arlene East, Pat Gorrell, Ellen Slattery. (Officers)

Seated: Miss Arlene East, Kim Harris, Colleen Campbell. Kneeling: Carmen Kandrack, Jackie Gilbert, Diana Boch, Jenni Harris, Terri Fosmire, Cindy Dumbravo. 3rd Row: Ellen Slattery, Sandra Cuspert, Cathy McConnaha, Gail Doss, Pat Gorrell, Nancy St. Louis, Linda Zuskind, Chris Stafford, Cathy Yenchus, Virginia Johnson, Ed Dare. Last Row: Bill Woodring, Alan Maloney, Howard Williams, Stan Hatcher, Val Williams, Norman Sampson, Allyn McNulty, Stephanie Stone, Ron Burgess, Rebecca Hawkins.

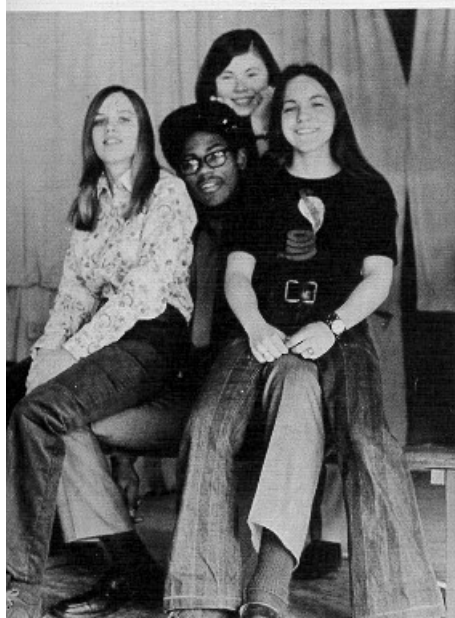

Colleen Campbell and Ron Burgess listen intently as topics are discussed.

# Honor Students Receive Recognition

Seated: Margaret Lisiecki, Carolynne Muehsam, Dawna Webb, Cindy Perry, Shelley Flippin. 2nd row: Pat Gorrell, Marilyn Lankford, Peggy Alvarez, Teri Fosmire, Linda Zuskind, Doris Bukantis, Colleen Campbell. 3rd row: Howard Williams, Ken Tinsman, Peter Bailey, Ed Armitage, Bob Crosby.

Howard Williams, Pres.; Doris Bukantis, Vice-pres.;  
Teri Fosmire, Sec.; Colleen Campbell, Treas.

This nationwide organization recognizes honor students who show superior markings in leadership, service, character, and scholarship throughout their high school years. The National Honor Society holds annual induction ceremonies in the spring for those qualifying students. Teachers are asked to agree on recommendations. One of the functions of the society is to hold money-making projects. This is done through bake sales, and various other activities. A portion of the money is allotted for the support of an Indian child, Tara Wadraj, and the rest is used to prepare for induction ceremonies.

Mr. Fred Fulkerson and Miss Jo Ann Johnson are the sponsors.

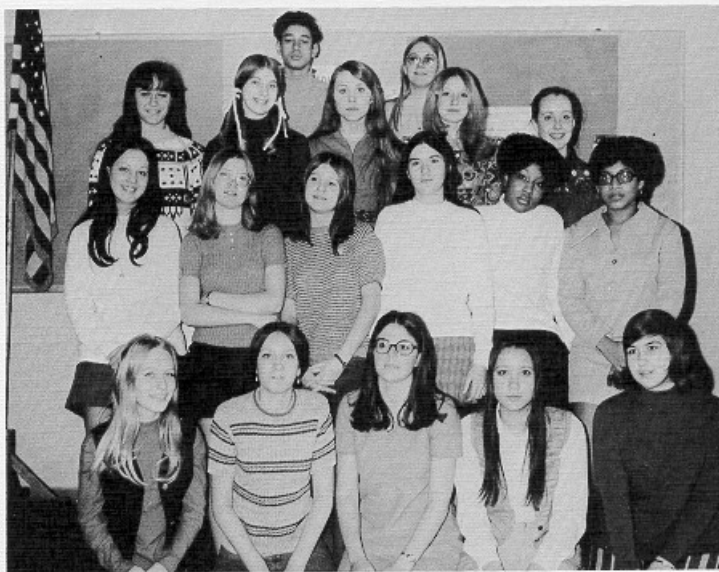

# Yearbook's A Family Affair

As is the custom each year, interested students put their heads together to form a unique Yearbook. Students donate their time to organize cuts, layouts, and copy. Much of the work and worry lies in duties outside of the actual photography and copy. Ads, patrons, bakesales, carwashes, and concession stands at the games, aid in the publication of the book.

Serving as sponsors are Mrs. Lorraine Waido and Mrs. Debbie Williams.

Mrs. Lorraine Waido (Sponsor), Debbie Duris (Photographer), and Mrs. Debbie Williams (Co-sponsor) contributed to the success of the Yearbook.

*Holly Sanger realizes that it may take pages of copy to produce the final paragraph.*

The Nürnberg American High School Ski Club provides an opportunity for many of the high school students to enjoy skiing. The three ski trips this year consisted of going to Krimmel, Austria. The NAHS Ski Club hopes to provide many more opportunities for students to enjoy themselves while they learn the art of skiing. This year's sponsors were Mr. Cletus Campbell and Mr. Gary Edsall.

*"Peace on the slopes - is having 3 pairs of skis to start out with," says Ted Seaman.*

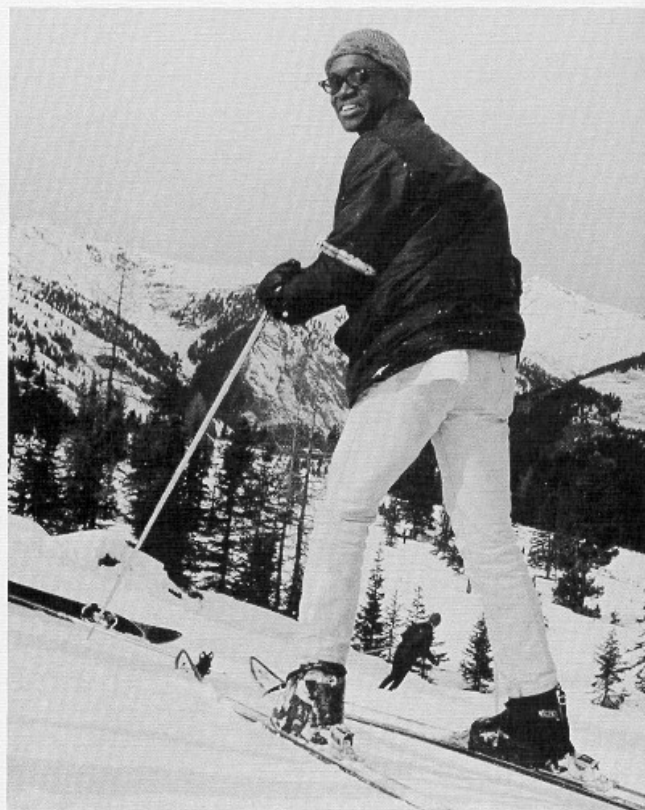

#### Skier's Hymn

I believe for every flake of snow that falls,  
A skier will ski.  
I believe for every mountain that snow falls upon,  
That's where I shall be.  
And I believe for every skier who takes a fall,  
That he shall learn a course of nature's call.  
I believe,  
Yes, I believe.

I believe for every time I see a snowy cloud roll in,  
A mountain will turn from green to white,  
I believe for every time I feel my ears get cold,  
That they will develop frostbite.  
But then, I believe the sensation of it all,  
Is worth it to me.  
I believe,  
Yes, I believe.

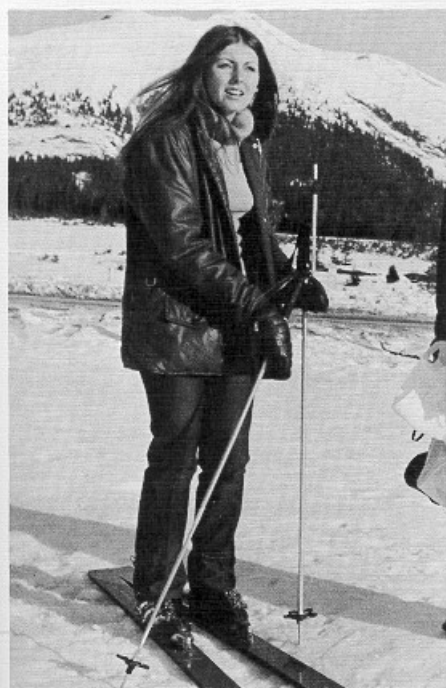

*Kim Harris can tell you what happens when you cross one ski in front of the other!*

*"Now, which way? Up or down?" thinks James Palmer.*

# *Ski Bums Learn Art Of Wedel-ing (And Art Of Snow-plowing, Too!)*

*"What do you mean, I have the left boot on the right ski?" asks Anita Reeves.*

*Ted Kern and Ron Burgess choose to be in the "ski bob scene."*

# Voices Blend In Musical Harmony

Voices. Song. Harmony. That's what Madrigals is all about. Madrigals is a group consisting of musically-minded students who present performances for school, and community organizations. Wednesday evenings are spent in preparation for up-coming activities. The Madrigals have an official uniform of floor-length green skirts and white blouses for the girls, and green blazers for the boys. They have entertained the students with their performance at the Christmas concert, and carolling in the halls. The Madrigals perform with the Chorus on various occasions. The two organizations joined together for accompaniment in "Jesus Christ Super-Star."

Missing from the picture are Wayne Klasinski, tenor; Bill Wetmore, bass; and Stephanie Stone, alto.

Missing from picture: Timmy Countryman, David Rosendrantz.*

NHS has a musical department consisting of vocal groups and three band sections: Beginner Band, Intermediate Band, and Advanced Band. Besides playing at our games, these groups also combine with the choral groups for concerts. During the spring they accompanied a production of "Jesus Christ Superstar."

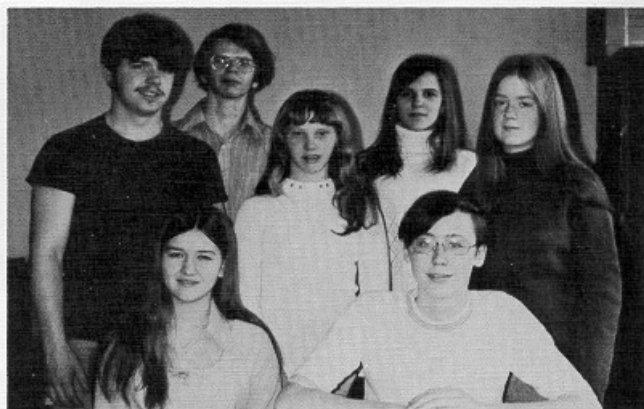

*Sharon Roberts contributes her talent for Clarinet during the Christmas concert.*

# German-American Club Improves Relation

German-American Club is a group of students interested in bettering the relationships between German and American students. One thing noticeable at NHS is the great number of visiting German students.

Seated: Janis May, Eddie Carneal. Standing: Gerhardt Uldschmidt, Jim Dougherty, Sherry Dozier, Maria Reinstra, Michelle Knapp.

## Newspaper Reaches Student Body

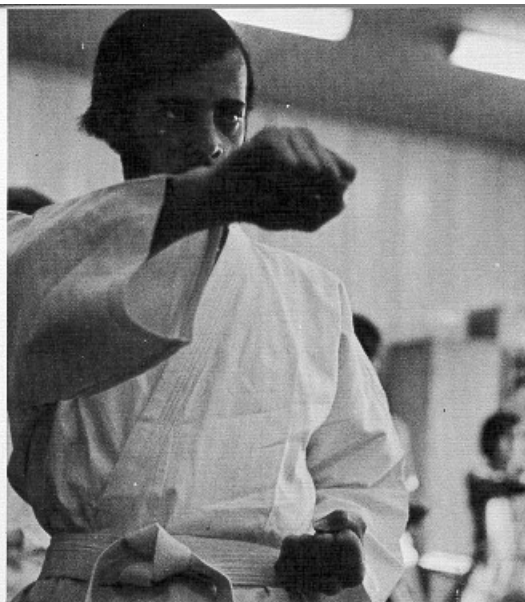

"Den Nurnberger Trichter, sicher und schnell, macht er die Köpfe hell!" is the motto of the Trichter staff. Staffers found that 14th century Nurnberg was a noted cultural center, and it had been said that the culture had been "funneled into the city." Therefore, the paper was named "Trichter", the german word for funnel.

The purpose of the existence of the Trichter is to keep the student body informed of the latest happenings at NHS. Attempts to put more students in the news, and encouragement for students to submit poems and other writings, have kept the entire staff busy.

Mrs. Norine Mathern, sponsor, feels that the more people who contribute to a publication with a varied amount of opinions, the more successful a newspaper.

Seated: Mrs. Norine Mathern; Cindy Perry, editor. Standing: Patty Minton, Rudy Clayton, Carolynne Muehsam, Gilbert Slouchick, Blanche Idell, Jim Dougherty, Virginia Johnson, Tim Johnson, Claudia Mikell, and Marybeth Defreest.

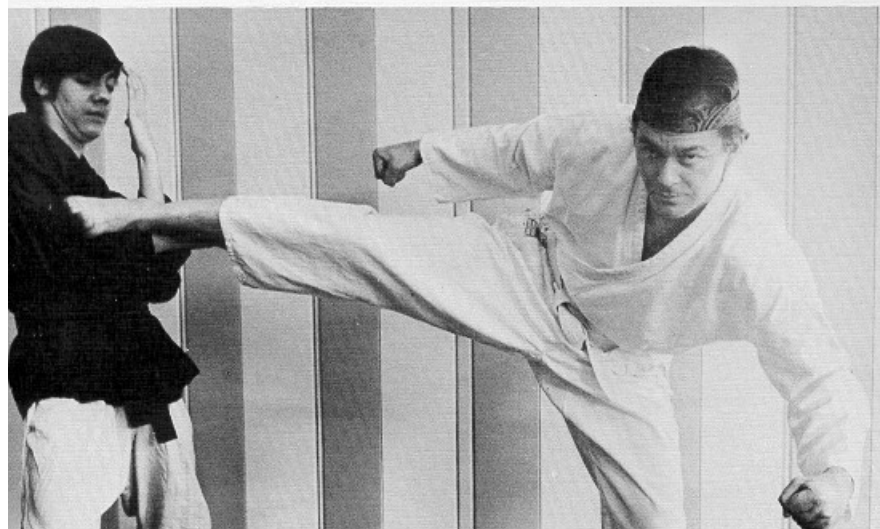

## Students Train

*"You see this fist?" says Victor Florez.*

*Seated: Gilbert Slouchik; Jeremy Hoke, Lynnette Codera, Taryn Lee, Carlos Sullivan. Kneeling: Ivan Sikic, Debbie Osborne, Barbara Lee, Maria Garcia, Rob Miller. Standing: Greg Peterson, J. R. Flores, Miss Arlene East, Mike Yip, Mr. Lee Hunt, Mike Jones, Wally Paguio.*

*Mr. Hunt and Gilbert Slouchik during class demonstration.*

*"It's done like this . . ." shows Lynnette Codera.*

The purpose of the NHS Karate Club is to teach the students self-defense. The students learn the Japanese style of Karate. Greg Peterson, Junior, is President of the club. Greg has a Black Belt in Karate. James Palmer, Senior, is Vice-pres. and also has a Black Belt in Karate. Gilbert Slouchik has seniority over all Karate students, and is the most advanced. The "karateka", or student, trains continually to become a more experienced person.

## Victory For Varsity

Any young man who is fortunate enough to be a member of the Lettermen's Club realizes the long hours of hard work that membership requires. Membership is based on performance. Varsity athletes are eligible for membership. The club has an annual banquet for the athletes and their parents; at that time, letters are given out.

Members of the Letterman's Club are as follows: Bob Sledge, President; Howard Williams, Vice-president; Lery Sims, Secretary; Bob Brown, Treasurer; Bobby Sledge; Ralph Garofalo; Grant Jones; Tony Tedesco; Bill Meyer; Mike Marler; Ron Burgess; Ricky Posey; Wally Knight; Ken Tinsman; Ted Seaman; Toru Garofalo; Fritz Garrison; Mitchell Muehsam; Jimmy Jenkins; Eric Larkin; Peter Williams; Dieter Bednarski.

Howard Williams, Vice-president; Lery Sims, Secretary; Bob Brown, Treasurer; Bob Sledge, President.

# Red Cross Serves Community

*Malcom Streets, Dian Risbon, Steve Burgess, and Kevin Streets prepare favors for hospital patients.*

To help others. This is the basic idea for these young students. The Jr. High Red Cross center their concern mainly around the hospitalized. Book drives and raffles have helped them raise money for their projects, one of which was purchasing an aquarium for the pediatric ward. Sponsors are Caren Touliatos, Barbara Hamilton, and Christy Petersen.

*It's trick or treat time for Jasmin Green, Maria Castro, Helen Charvot, Frank Lott, and Marsha Jones as they decorate their room.*

*Seated: Frank Lott, Malcom Streets, David Brown. Standing: Teresa Trantham, Claudia Fraarrar, Steve Burgess, Scott Bumbaugh, Jasmin Green, Jeff Anderson, Pam Cox, and Dian Risbon.*

## Homecoming Brings Extra Spirit

To boost the spirit of our football players, a bonfire was held on campus Friday night, November 5. During halftime of our victorious fight, the Homecoming court was announced. Nominations were held in each class and the final nominations were provided for the whole student body. The results were: King, Howard Williams; Queen, Kim Harris; Senior attendant, Marilyn Lankford; Junior attendant, Colleen Campbell; Sophomore attendant, Brenda Andrews; Freshman attendant, Kathy Nieman. Festivities were continued that night when a dance was held with the theme "Time of the Season." Music was provided by the New Generation.

*Majorette Shelley Flippen joins in the halftime activities.*

*Juniors' Charlie Eagle takes second place.*

*Queen Kim Harris with escort Mr. Stephen Collins appears with her court, Kathy Nieman (Fres.), Mr. Gary Edsall; Colleen Campbell (Jr.) Mr. Werner Koschau; Marilyn Lankford (Sr.) Mr. Fred Fulkerson; and Brenda Andrews (Soph.) Mr. Ken Coffman.*

*The bonfire adds to the night celebration.*

## And The Excitement Carries On

Christmas was celebrated with an afternoon concert given by the NHS band and vocal departments. This was highlighted with the Holly Ball dance in the evening. It was sponsored by the Senior class, and music was provided by the "Shades of Soul."

*The "Shades of Soul" entertained some 200 people with their diversified music.*

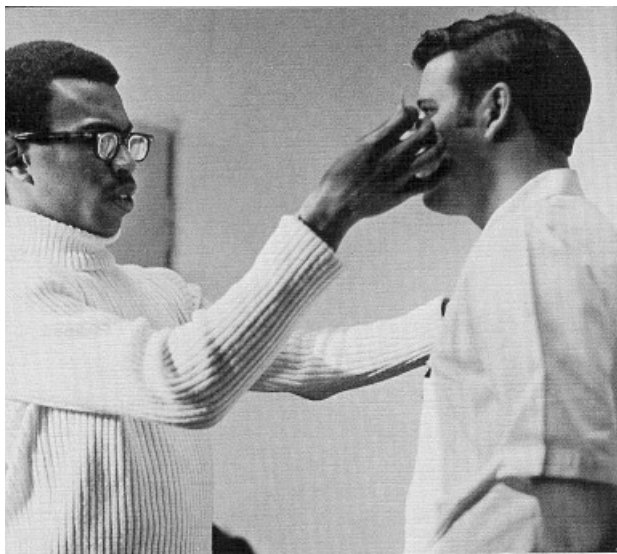

*Mike Marler and Barb Siebmann take a break between dances.*

*"And you did what?" Nancy St. Louis asked while conversing with Steve Tully.*

## *Life At NHS*

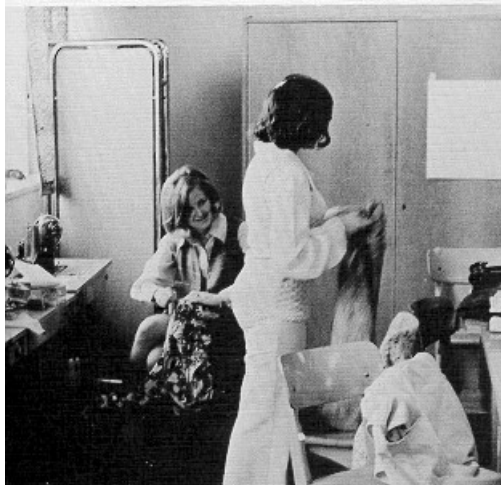

Each of the activities seen thus far have been in the form of clubs and have taken some amount of effort to organize. However, our daily actions are by far the most important—for these are the ones that make a complete school. Though we may not always notice the individual life of NHS'ers, that life is always here, and it plays an essential part in our lives.

Prelude to a winning season.

The 1971 football season is one that will long be remembered here at Nürnberg. Our varsity team was perhaps the greatest Eagle Squad ever. The season started off slowly, as the Eagles lost to Wiesbaden and Berlin—both non-division games. However the tide turned at Munich. Nürnberg easily overpowered the Mustangs 26-6. Our first home game was against the highly favored Bitburg Barons, who were riding an eleven game winning streak. With the season's growing momentum, we crushed the Barons 54-0. In the next two weeks, at Soldiers' Field, the Eagles beat Augsburg 28-8, but lost to Heidelberg. Traveling to Mannheim, we shut-out the Bisons 16-0. Then in an exciting and very close Homecoming game, the mighty Eagles conquered the Baumholder Bucs 26-22 to close out a victorious season.

The Eagle team was basically a new one. There were only three returning lettermen out of twenty-three players. Of these twenty-three, sixteen were Seniors; Bob Brown, returning letterman and co-captain, who played both offense and defense and was one of the most valuable Nürnberg gridgers; Bernie Davis was one of the finest running backs in the Red Division. Scoring 10 touchdowns and two points-after, he led the team in points; Howard Williams, who played fullback on offense, was a standout as defensive end and safety. Davis, Williams and Brown were among the top 25 scorers in Europe. Mike Marler, who played defensive end, always turned in a good performance. Ron Burgess was the starting center. Ralph Garofalo did a fine job as pulling guard. Rick Posey and Dale Eaton worked up to starting positions at alternating ends. John MacIntosh joined the Eagle squad late in the season. He was a defensive standout and also center. Norman Forbes and Tom Lankster were utility men; they played any position and were on the specialty teams. Mike Kitchens helped to round off a good defense—he was No. 4 defensive man.

Many seniors were plagued with injuries. Clint Smith, the most promising returning player, was injured in the second game and could not play the rest of the season. Bobby Sledge was sidelined with an injury but returned as an offensive and defensive specialist. Norm Hawkins recovered from a knee-injury to play starting guard. Grant Jones worked back from an injury to get on the specialty team and do the on-side kicking. We thank you, seniors, for your efforts!

The Juniors on the varsity team were: Wally Knight, returning as quarterback; Stan Hatcher, co-captain, who was a linebacker; and Micky Wardell who was number 1 in defensive stops.

The Sophomores were: Toro Garofalo, co-captain, who was a defensive starter; Vic Wallace and Fritz Garrison who were defensive starters; Cedric Radford who started as a running back in a few games; Don Behrman who was the blitzing linebacker; and Mitch Muchsam who served as back-up quarterback.

These are the 1971 Red Division Champs!

The Varsity 71-72 season opened as the Eagles journeyed to Kaiserslautern, where they defeated the Raiders, 60-56 and 44-37 on December 10-11. For the next pair of games, January 7-8, the Green and White traveled to Munich to trounce the Munich Mustangs 80-58 and 76-49. Then came the long trip to Stuttgart on January 14-15, where the Stallions and the Eagles each won a game. Nurnberg took the first, 70-66, but Stuttgart returned the compliment the next day, 78-65.

The following weekend Bitburg paid the team a visit, and again the Eagles split with their opponents. Friday, January 21, the Barons caged the Eagles 51-45, but Nurnberg came back on Saturday to nip the Bitburg team 52-50. The Varsity split with Wiesbaden on January 28-29, when the Warriors came to the Darby Gym. Friday the Warriors clipped the Eagle net men 62-54, but Saturday it was a different story as the Eagles quashed Wiesbaden's hopes for a double victory by defeating them 49-48. It was a first-place season for the Varsity Cagers up to that point. The next three weeks, however, gave them a fourth-place standing, as the Green and White lost four in a row.

On February 4-5, Eagles met Eagles head-on, but the Frankfurt Eagles overpowered the Nurnberg Eagles 65-57 and 65-62. Two weeks later after a bye-weekend, the Mannheim Bisons charged, and they didn't stop charging until they had dealt the Eagle Roundballers a serious pair of defeats, 71-41 and 48-43.

At the end of the 1971-1972 season of regular play, Nurnberg came in fourth among Class A teams, with 7 wins and 7 losses.

During three days of competition at Rhein-Main Air Base's Pitts Memorial Gymnasium in Frankfurt, the Varsity Eagles finished sixth place out of eight Class A USDESEA basketball teams. On February 24, the Eagles were defeated for the third time during the year by Mannheim, 46-38. The next day, Nurnberg put Torrejon out of competition, 67-63. On Saturday, February 26, the Varsity Cagers met the Stuttgart Stallions in a struggle for fifth place in the tournament, but the to-and-fro battle ended with the Stuttgart on top of the heap, 69-68.

The high scorer for the Varsity Eagles during the regular season was co-captain Stan Hatcher, a junior, who played in all 14 games and amassed 175 points, with an average of 12.5 points per game. He was followed in that category by Wally Knight, another junior, with 161 points, and Howard Williams, a senior, with 133 points. Supporting these leading scorers were Rodney Blackman, Sam Buster, Bernie Davis, Larry Flowers, Bob Crosby, Bob Sledge, Dieter Bednarski, and Cedric Radford. These players combined their efforts during the season to give the Nurnberg Varsity a total of 798 points for 14 games, an average of 57 points per game.

Coach Tom Gussner had this to say about the team: "This year's Nurnberg Basketball team developed a wonderful never-say-die attitude. Although this young team usually fell behind due to mistakes, they always made a great effort to come back, and often did win in the final seconds. For this reason and for others, I am very proud to have coached them."

## Meet The Swingers

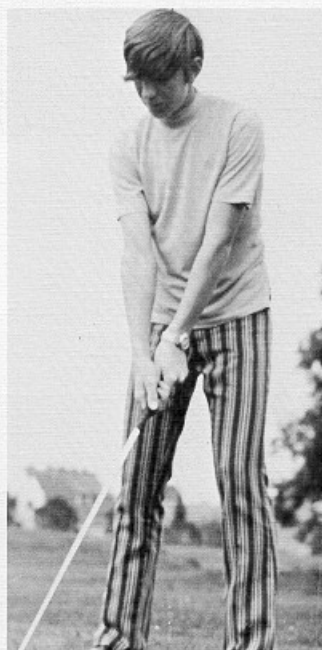

1971-1972 Golf Team—Coach Cal Cornell, Gene Ploskey, Ted Seaman, Carol Jones, Dave Kimotek, Bob Clark (not pictured)

Both NHS golf teams, the boys' and the girls', had good seasons in 1971. The boys compiled a ten win-one loss record, and our girls' team had eight wins (two forfeits) and only three losses.

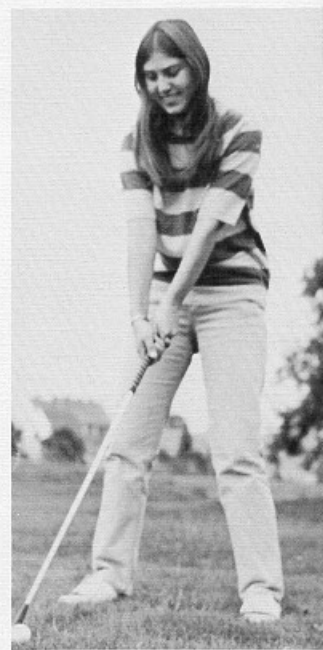

Only Stuttgart was able to underscore and defeat the Nurnberg linkmen, while our single girl golfer, Carol Jones, succumbed to the better play of Stuttgart and Augsburg. Frankfurt, Wuerzburg, Munich, Augsburg, and Karlsruhe fell to the strokes of our two teams.

Carol Jones distinguished herself in the Southern Regional by placing fourth, and she advanced to the finals.

Seniors Bill Ginalick, Gene Ploskey, Bob Clark, Sophomore Ted Seaman, and Freshman Dave Kimotek compiled the excellent 10-1 record, definitely better than par.

Dave Kimotek set for a fairway wood shot.

"Cross-country is kind of a lonely sport. It takes a lot of self-control, extra push." These are the words of cross-country coach Mr. Richard Cardner. "There is less of a team element in cross-country than in sports like football, because cross-country takes more of an individual than a united team effort."

Cross-country is not a spectator sport. The runners trek through more than two-and-a-half miles of woods, trails and over small obstacles in a race against the clock and against each other. They must cope with dangers that are unknown in most other sports: getting lost on poorly marked courses, and stray dogs. Practice is demanding—each team member runs an average of five miles each day, to which are added sprints and hill climbs.

Nürnberg's cross-country team finished the 1971-1972 season with a record of one win, four losses, and one tie. The runners placed seventh out of eight teams at the Regional competition at Heidelberg on October 29. Junior Ken Tinsman held this year's course record with a time of 14:46. Other team members were seniors Bill Meyer, Bill Kelley, Walter Lacewell, junior Allen Kumpf, sophomores Eric Larken and Peter Williams, and Freshman Ron Flowers. Senior Hans Filip was with the team all year, but because of a knee injury he received early in the season, he couldn't compete.

"Roll 'em over and pin 'em!" John MacIntosh pinning a Mannheim matman.

The 1971-1972 Nurnberg Wrestling team had three new coaches and mostly green wrestlers this year. They finished the regular season with a record of six wins and four losses. At the Regionals the matmen came in third place, next in line after only Heidelberg and Munich.

In the Regional competition the Eagles really showed what they could do. Tom Greene took first place in the 107 lb. class, and Ralph Garafalo defeated all comers in the 157 lb. division. Mike Greene at 100 lbs., Tom Kelly at 138, and John McIntosh, unlimited, each won second place berths at Regionals. To round it all out, Jimmy Jenkins at 112 lbs. took fourth. Totally, the grapplers place in six weight divisions, capturing two first place seats, three second place, and one fourth place.

The coaches for this year's Eagle wrestlers were all new to NHS wrestling. Mr. Emanuel Raab, head coach, worked chiefly with the administrative and organizational aspect of the team. Mr. Winston Carter worked with the boys on developing their pinning techniques, and army captain Ron Vaughn worked with the young Eagles grapplers on most of the conditioning, and their maneuvering techniques.

Coach Carter had these words for the 1972 team: "This year we had a winning season, which is not new to the wrestlers at Nurnberg. We had a young and a light team—we were strong in the light weight classes. Next year we should again be very strong in the light weights, and this will aid us tremendously.

"This is one of the finest groups of young men I've worked with in any sport, and I'm very proud of them. They did a lot of hard work and a fine job of conditioning themselves. The team had a lot of self-discipline. I'm not disappointed at all."

## *Jr. High Has Winning Season*

*1971-1972 Jr. High Soccer Team: (1st row) Larry Doyle, Richard Allen, Dan Cooke, Jim Ragatz, Mike Barney, Franklin Barrows, Mark McKee, Doug Becker, Don Knox, Marcus McCarroll. (2nd row) Mike Menz, Travis Bunn, Mike Keele, David Terry, Tony Rodriguez, Ronald Simmons, Zachary Zellmar, Tom Akers, Jim Davis, Herbert Davis, Mr. Cletus Campbell, coach. (3rd row) James Chaney, Mark Minich, Mark Wass, Pat Slattery, Juergen Hackerschmid, Maury Oxford, Randall Ridderbusch, Mike Dayton, John Ballard, Oliver Settles, Henry Brown, Rachel Rivera (manager).*

Playing under a couple handicaps, the young soccer players of Nurnberg Junior High School came through the soccer season undefeated and the champs of the area. They showed what a combination of good coaching, pride, and determination can do for a first-year team.

Two main handicaps threatened to overtake the green team at the outset; first, 1971 was the first year that the Junior High had a soccer team, and second, the squad at Nurnberg was younger than the other teams they played. Nurnberg's kickers were from grades 7 and 8, while their opponents' teams were made up of boys from grades 7 through 9.

Coach Cletus Campbell commented on the soccer program he was instrumental in starting: "The Junior High really took to soccer. It is a fine sport, and a lot of equipment isn't needed. Nor is there a great injury factor, as in some other sports. All sizes and types of boys can play. Speed is the most important factor in determining a good soccer player, but even boys who are not so fast can play very well."

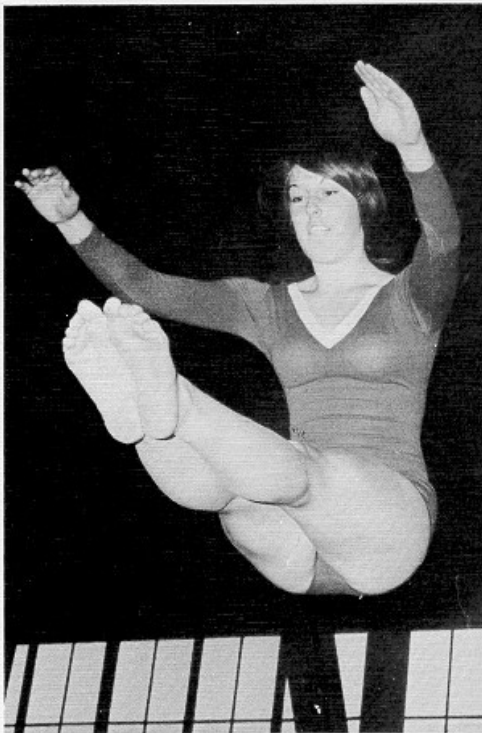

Several boys showed themselves to be truly outstanding on the soccer field, Coach Campbell said. They deserve special mention: Mark Watts, at center-forward; Oliver Settles, right wing; halfback Mike Menz; fullback Herbert Davis; Mark Minich at right-inside; and goalie Randall Ridderbusch.

*1971-1972 Jr. High Cheerleading Squad: Jane Bond, Debbie Allen, Linda Fellers, Linda Allen, Lisa Dacey, and Debbie Gray.*

## GAA Moves Into Action

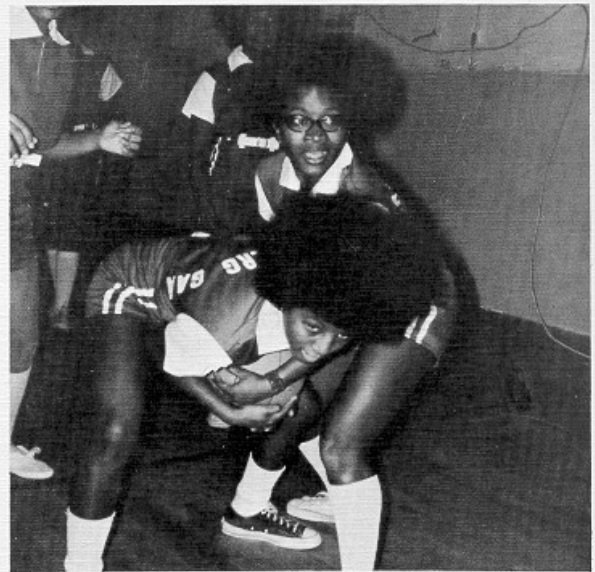

The Girls Athletic Association, GAA, is an athletic organization that represents our school in sports. It fulfills the same purpose that boys sports do. GAA is just as important for the team goes to different schools and competes with other teams. GAA has been active this year in Volley Ball, Basketball, Bowling, Gymnastics, Baseball, and Track and Field events.

# Acknowledgements

The 1972 Yearbook Staff would like to give credit where credit is due—to the people who have helped us in publishing this book:

Alfred Knopf, Inc. for permission to use selections from Dag Hammarskjöld's *MARKINGS*, 1964.

Mr. Warren Carlson from Walsworth Publishing Company for his advice and encouragement.

Mr. Jim Asman for taking Senior and Underclassmen individual shots.

Mr. Collins, our principal, for his interest and help.

Mr. Jensen, our fund custodian.

Nora Speck for her handy, helpful hints.

All the teachers and coaches for their time, patience, class interruptions, and co-operation in the picture taking. Also, thanks to the teachers who allowed themselves to be interviewed and their valuable information.

Mr. Tom Gussner for the contribution of 600 donuts at one of our concessions.

Sp/5 David Taylor for his help in developing and printing our pictures.

Herr Spann in Grafenwohr Photo Center for his aid in the development of our pictures.

Pat McLeod for his time spent in taking candid shots.

Ronald Gorrell for the use of his camera.

Mrs. Debbie Williams for endless class interruptions. Also, our thanks in helping us with our end of the year business.

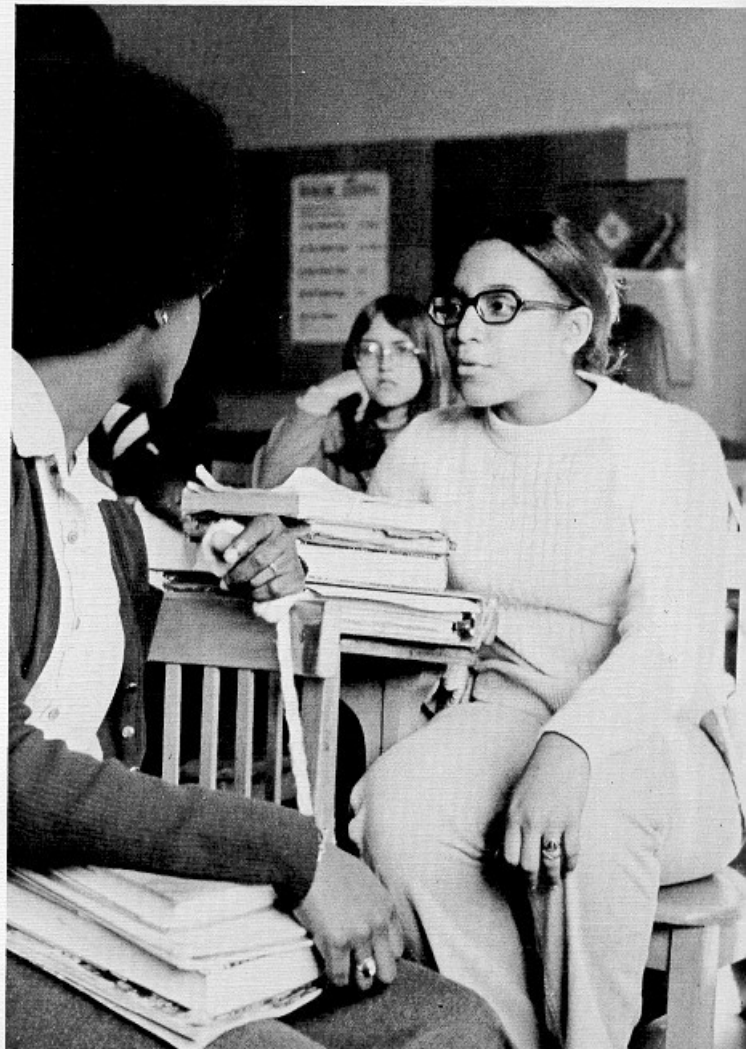

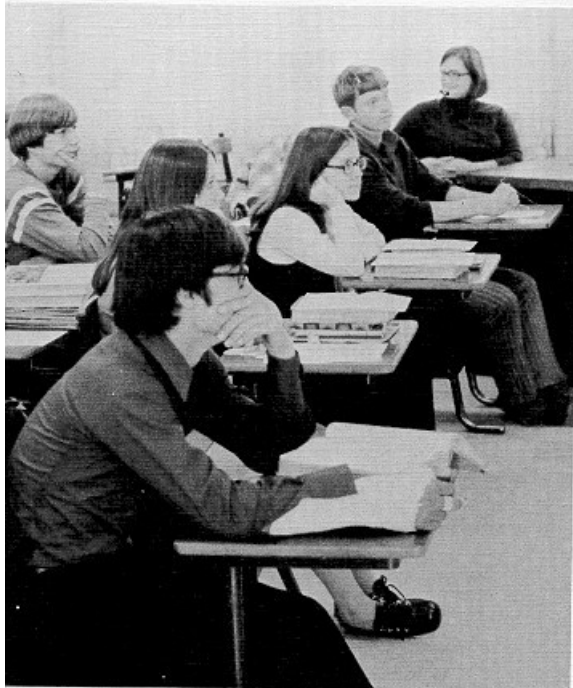

All the parents of yearbook staff members who put up with late hours after school and on weekends.

Advertisers and patrons—thanks for your support.

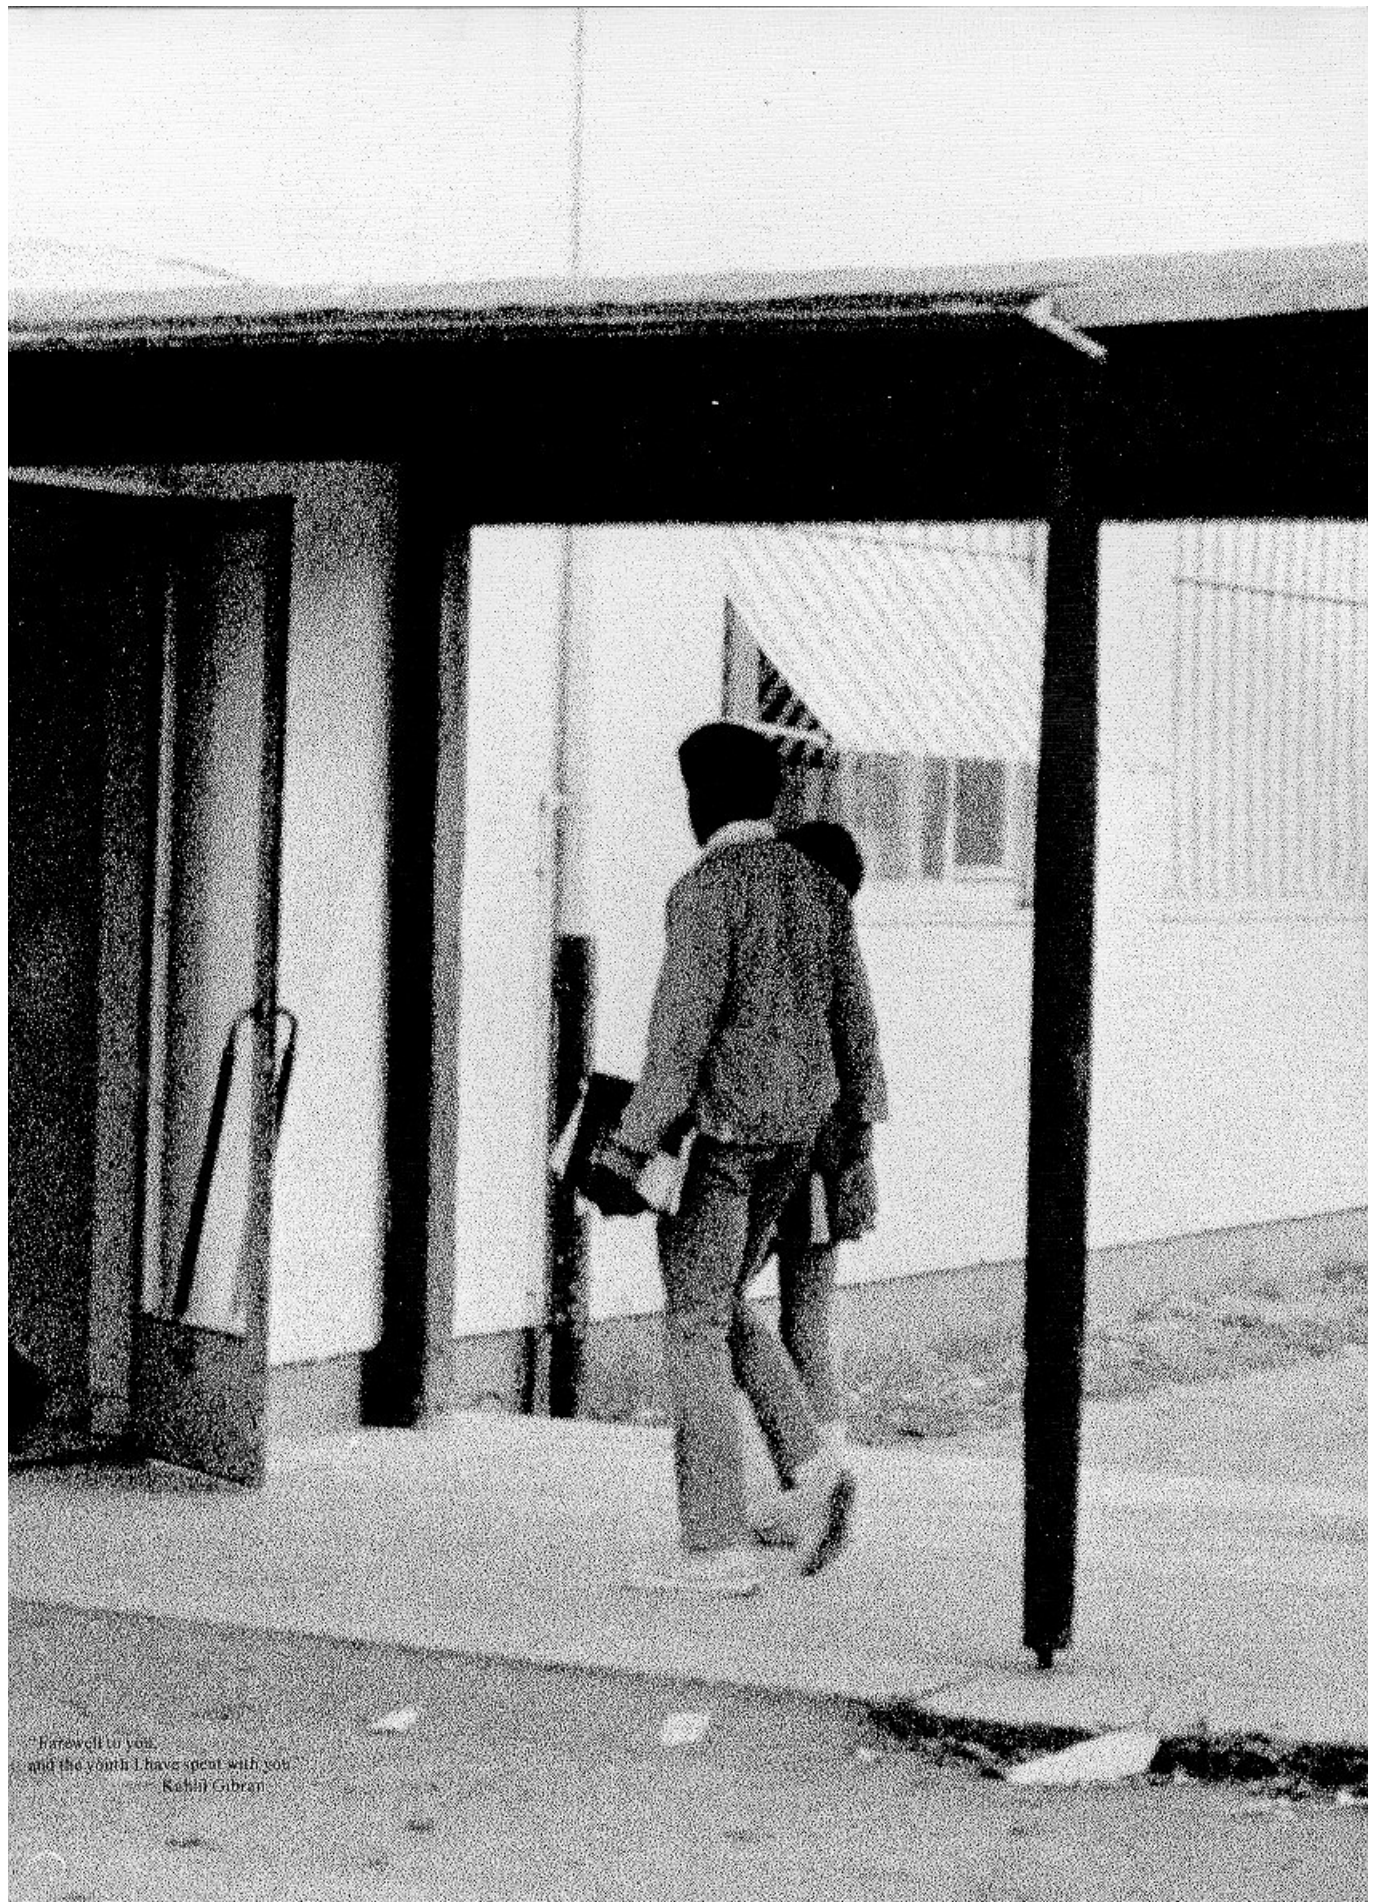

Mr. Waide for being so patient during the after school hours.

And last, but by far not least, Mrs. Waide. Our sincere appreciation for being our staff sponsor, and putting up with us and our antics.

Our apologies for forgetting anyone. There are so many aspects involved in producing a yearbook, that it's impossible to pinpoint everyone who has helped.

"Farewell to you,  
and the youth I have spent with you."  
Kahlil Gibran

## LAST WORD

It's strange to think that there will never be another 1972. As we look back on the year, each of us should wonder, "What have I accomplished and has it been worthwhile." As our lives continue, hopefully we'll learn from each new experience — good or bad. Every single piece of knowledge we obtain along our ways should be put to the very best possible use.

May our next years be filled with a better understanding of ourselves and the people we live around. Imagine what a wonderful world we would live in if everyone took the time to understand his next door neighbor, the person that lives in another city, or even another country.

Each individual has a unique set of problems, but there are so many that everyone shares. Problems such as hatred, unkindness, unfriendliness, evil thoughts, harsh words — only to mention a few. We are each one man among many, but together we can combat the troubles and inadequacies of society.

Marilyn Lankford

May the road rise up to meet you

May the wind be always at your back

May the sun shine warm upon your face,

The rain fall soft upon your fields

And, until we meet again,

May God hold you in the palm of his hand.
