## COLLEGE.. YOU READY?

Here we are Seniors. Well, we finally made it to the top. The hustle and bustle of preparations for Graduation - Caps and Gowns, Rings, Announcements, Pictures, and Prom - are all set up. We are short, almost out of school, or are we?

Many Seniors plan to attend college next year, but are we sure about what we're getting into? We say we're ready to leave, but have we stopped to think about this big step we are taking?

Going to college is a big responsibility. For the first time in our lives, we're really going to be on our own. The things we do, and don't do, we will be solely responsible for. No one will be there to tell us what to do; we must decide for ourselves.

We must adjust to our new surroundings. In high school, teachers remind us to do our work. But in college, the professors will assign something once, and we will be expected to do it. No reminders; no pushing us to do it, either we do it or we don't.

Another adjustment we must be prepared for is the new independence we will have. No curfew, very few rules, almost total freedom. Many college students cannot handle this new freedom. They begin to waste too much time partying, and not enough studying. We must learn to budget our time. We must know when to study and when to have fun.

We will have to acquire skills in budgeting money. In college, students are always short of funds. We will have to learn when and how to spend our bank roll.

Yes, we are Seniors. It is the end of our high school years, but the beginning of a new way of life for us. We must learn to depend on ourselves. But, there are other people we can always depend on. Going to college is not getting away from your parents, they'll always be there to back you up.

College is the beginning of a new life for you. Are you ready? Think about it!

K.M. & L.M.

Her parting words are, "Live one day at a time; and love and happiness to everyone."

## WILLS...

I, Danny Perry, being of sound mind and body leave my guitars to the good of science so that they can analyze it to see what gives it such power. I leave to my good friends and fellow band members NOTHING!!! To Debbie Swearingin I leave all my love and baseball cards. To John Crow I leave all my music sheets so that he may prosper in the field of bass guitar. To the NOVICE management I leave a bigger heap of NOTHING!!! To all the funny boys of Pastorious I leave \_\_\_\_!!!

I, Joe Cortez, will to the Underclassmen my Trig notes! To the few "cool" Juniors I will my (funky) tolerance and ease!! To the next Sr. Class President I will a London Trip Travel Agency!! Good Luck!!!!

I, Linda Marquez, being of sound mind and body leave Nini Phillips the ability to pick up my shoes in the middle of our room, and a bottle of tranquilizers. To Kim Moore a \$25.00 gift certificate to Food land. To Ms. Kyrios the ability to put more than a zero on my Good House Keeping Regs sheet. To Umphrey Jackson, my term paper for next years English class and a really big hug. To Viola Gonzales the color red. To Explorer Post 47, lots of luck with your new President. To Terry Mixon, the ability to stop kicking everything on the ground as if it were a soccer ball, to stop tripping everyone and to stop running into short people. Also I leave him lots of love and memories. Last I will to the next senior class the ability to be as cool as the great class of "78".

I Roger Price leave in my last will and testament, to Mr. Abramo, the man who never caught me doing my very worst; I leave my ability to go to "brunch" each day and not get caught. To Mr. Kampe, I leave my skid marks on the paking lot from going to the P.X. each day. To Mr. Traxler, I leave my skid marks also; but hopefully across your chest. To Bob Davis, I leave the passenger side of my car, for him to clean the trash from the snack bar. To William Abbot, I leave my can of deoderant.

I, Sandra Nielson, give all my shotput and discuss throwing ability to Danita Taylor so that she can make a new Europe record. Hopefully she will do so with my ability added to her's.

## Most Embarrassing Experience

Debbie Brasfield:

(1) I had my classes mixed up and went and sat in the wrong class for ten minutes before the teacher and I realized I was messed up on my classes. (2) How easy it is to skip and not get caught.

We, the Seniors of the Richter '78 staff have put together this issue to help sum up the four years of high school in as few words as we could. Of course, we could never put all of our memories into one paper. We hope this paper will serve as a true souvenir of the Class of '78 Senior year.

To all graduating Seniors we wish the best of luck in whatever they choose to do.
